## **COMPANY PRESIDENT, TEN OTHERS CHARGED IN WORKSITE PROBE OF ARIZONA DRYWALL AND STUCCO FIRM**

TUCSON – The President of a Sierra Vista drywall and stucco company and seven others face federal criminal charges today following a multi-agency probe into allegations the business knowingly hired illegal alien workers and conspired with counterfeit document vendors to obtain fraudulent work authorization cards for those employees.

Those charged in the case include the President Ivan T. Hardt, and seven other employees of Sun Drywall and Stucco, Inc., and three individuals suspected of supplying counterfeit work authorization documents to the company's illegal alien workers. The charges against the Sun Drywall employees include conspiracy to harbor illegal aliens and conspiracy to knowingly hire illegal aliens. Those accused of supplying the counterfeit documents face state charges of identity theft.

The criminal charges, the first ever brought in a worksite enforcement investigation in Arizona, were announced today at a news conference in Tucson held by the agencies involved in the 16-month probe, including the U.S. Immigration and Customs Enforcement (ICE), U.S. Customs and Border Protection Border Patrol, the U.S. Department of Labor Wage and Hour Division, and the Arizona Fraudulent Identity Task Force (AFIT). The Cochise County Sheriff's Office and the Sierra Vista Police Department assisted federal agents with today's takedown.

U.S. Attorney for the District of Arizona Daniel Knauss stated, "These serious charges should send a strong message that we expect all Arizona employers to start taking federal immigration laws seriously. I would like to extend our thanks to all the federal and state agencies that worked together to bring this case for prosecution."

Six of the suspects charged in the case were taken into custody today as federal and state authorities executed search warrants at several sites related to the investigation. Those locations included the company's headquarters in Sierra Vista, a residence of Sun Drywall's foreman, and residences suspected of housing a counterfeit document mill. During today's operation, authorities seized employee records, other documents, computers, and other evidence related to the case.

In addition, agents also served search warrants at eight Sun Drywall job sites in residential subdivisions located in the Sierra Vista area where they arrested 8 unauthorized workers on administrative immigration violations. The illegal workers, all of whom are from Mexico, are being processed and detained by ICE. This morning, ICE set up a hotline for persons trying to locate family

members they think may have been apprehended. The hotline number is 520-266-3975. Bilingual assistance will be available on the hotline.

“We intend to search out employers who knowingly or recklessly hire unauthorized workers,” said Alonzo Peña, Special Agent in Charge of the ICE Office of Investigations in Arizona. “ICE will use every authority within its power to shut down businesses that exploit an illegal workforce to turn a profit.”

Defendants arrested today include:

- Ivan Hardt, 44, of Sierra Vista, President of Sun Drywall, charged federally with conspiracy to knowingly hire illegal aliens; and conspiracy to harbor illegal aliens.
- Carol Hill, 42, of Sierra Vista, human resource manager for Sun Drywall, charged federally with conspiracy to knowingly hire illegal aliens; and conspiracy to harbor illegal aliens.
- Jose Gutierrez-Tapia, Sr., 50, of Bisbee, foreman for Sun Drywall, charged federally with conspiracy to knowingly hire illegal aliens; and conspiracy to harbor illegal aliens.
- Joaquin J. Neave, 42, of Sierra Vista, a manager for Sun Drywall, charged federally with conspiracy to knowingly hire illegal aliens; and conspiracy to harbor illegal aliens.
- Efrain Silvain-Avechuco, 36, of Mexico, block manager for Sun Drywall, charged federally with conspiracy to knowingly hire illegal aliens; and conspiracy to harbor illegal aliens.
- Omar Reyes, 25, of Sierra Vista, Sun Drywall employee, charged federally with conspiracy to knowingly hire illegal aliens; and conspiracy to harbor illegal aliens.

The investigation into Sun Drywall began in November 2005 after ICE received information that the company was engaging in illegal hiring practices. In December 2005, ICE agents reviewed the Form I-9s for 115 Sun Drywall employees and determined that 11 of them had used counterfeit “green cards” to obtain their jobs. Sun Drywall was provided with a list of the unauthorized workers. A subsequent review of wage reports subpoenaed from the Arizona Department of Economic Security showed that Sun Drywall continued to employ several of those workers, even after ICE advised the company about the employees’ illegal status. The multi-agency investigation also revealed that several of Sun Drywall’s unauthorized workers possessed counterfeit Permanent Resident Alien cards bearing numbers belonging to other people.

A conviction for conspiracy to knowingly hire illegal aliens, a class B misdemeanor, carries a maximum penalty of six months in prison, a \$3,000 fine per unauthorized alien employed fine, plus other possible fines. A conviction for conspiracy to harbor illegal aliens carries a maximum penalty of five years, a \$250,000 fine or both. In determining an actual sentence, the judge will consult the U.S. Sentencing Guidelines, which provide appropriate sentencing ranges. The judge, however, is not bound by those guidelines in determining a sentence.

A criminal complaint is simply the method by which a person is charged with criminal activity and raises no inference of guilt. An individual is presumed innocent until competent evidence is presented to a jury that establishes guilt beyond a reasonable doubt.

The prosecution is being handled by Assistant U.S. Attorney Munish Sharda, District of Arizona, Tucson.

A subsequent review of wage reports subpoenaed from the Arizona Department of Economic Security showed that Sun Drywall continued to employ several of those workers, even after ICE advised the company about the employees’ illegal status. The multi-agency investigation also revealed that several of Sun Drywall’s unauthorized workers possessed counterfeit Permanent Resident Alien cards bearing numbers belonging to other people.

A conviction for conspiracy to knowingly hire illegal aliens, a class B misdemeanor, carries a maximum penalty of six months in prison, a \$3,000 fine per unauthorized alien employed fine, plus other possible fines. A conviction for conspiracy to harbor illegal aliens carries a maximum penalty of five years, a \$250,000 fine or both. In determining an actual sentence, the judge will consult the U.S. Sentencing Guidelines, which provide appropriate sentencing ranges. The judge, however, is not bound by those guidelines in determining a sentence.

A criminal complaint is simply the method by which a person is charged with criminal activity and raises no inference of guilt. An individual is presumed innocent until competent evidence is presented to a jury that establishes guilt beyond a reasonable doubt.

The prosecution is being handled by Assistant U.S. Attorney Munish Sharda, District of Arizona, Tucson.

## **COMPANY PRESIDENT, TEN OTHERS CHARGED IN WORKSITE PROBE OF ARIZONA DRYWALL AND STUCCO FIRM**

TUCSON – The President of a Sierra Vista drywall and stucco company and seven others face federal criminal charges today following a multi-agency probe into allegations the business knowingly hired illegal alien workers and conspired with counterfeit document vendors to obtain fraudulent work authorization cards for those employees.

Those charged in the case include the President Ivan T. Hardt, and seven other employees of Sun Drywall and Stucco, Inc., and three individuals suspected of supplying counterfeit work authorization documents to the company's illegal alien workers. The charges against the Sun Drywall employees include conspiracy to harbor illegal aliens and conspiracy to knowingly hire illegal aliens. Those accused of supplying the counterfeit documents face state charges of identity theft.

The criminal charges, the first ever brought in a worksite enforcement investigation in Arizona, were announced today at a news conference in Tucson held by the agencies involved in the 16-month probe, including the U.S. Immigration and Customs Enforcement (ICE), U.S. Customs and Border Protection Border Patrol, the U.S. Department of Labor Wage and Hour Division, and the Arizona Fraudulent Identity Task Force (AFIT). The Cochise County Sheriff's Office and the Sierra Vista Police Department assisted federal agents with today's takedown.

U.S. Attorney for the District of Arizona Daniel Knauss stated, "These serious charges should send a strong message that we expect all Arizona employers to start taking federal immigration laws seriously. I would like to extend our thanks to all the federal and state agencies that worked together to bring this case for prosecution."

Six of the suspects charged in the case were taken into custody today as federal and state authorities executed search warrants at several sites related to the investigation. Those locations included the company's headquarters in Sierra Vista, a residence of Sun Drywall's foreman, and residences suspected of housing a counterfeit document mill. During today's operation, authorities seized employee records, other documents, computers, and other evidence related to the case.

In addition, agents also served search warrants at eight Sun Drywall job sites in residential subdivisions located in the Sierra Vista area where they arrested 8 unauthorized workers on administrative immigration violations. The illegal workers, all of whom are from Mexico, are being processed and detained by ICE. This morning, ICE set up a hotline for persons trying to locate family

members they think may have been apprehended. The hotline number is 520-266-3975. Bilingual assistance will be available on the hotline.

“We intend to search out employers who knowingly or recklessly hire unauthorized workers,” said Alonzo Peña, Special Agent in Charge of the ICE Office of Investigations in Arizona. “ICE will use every authority within its power to shut down businesses that exploit an illegal workforce to turn a profit.”

Defendants arrested today include:

- Ivan Hardt, 44, of Sierra Vista, President of Sun Drywall, charged federally with conspiracy to knowingly hire illegal aliens; and conspiracy to harbor illegal aliens.
- Carol Hill, 42, of Sierra Vista, human resource manager for Sun Drywall, charged federally with conspiracy to knowingly hire illegal aliens; and conspiracy to harbor illegal aliens.
- Jose Gutierrez-Tapia, Sr., 50, of Bisbee, foreman for Sun Drywall, charged federally with conspiracy to knowingly hire illegal aliens; and conspiracy to harbor illegal aliens.
- Joaquin J. Neave, 42, of Sierra Vista, a manager for Sun Drywall, charged federally with conspiracy to knowingly hire illegal aliens; and conspiracy to harbor illegal aliens.
- Efrain Silvain-Avechuco, 36, of Mexico, block manager for Sun Drywall, charged federally with conspiracy to knowingly hire illegal aliens; and conspiracy to harbor illegal aliens.
- Omar Reyes, 25, of Sierra Vista, Sun Drywall employee, charged federally with conspiracy to knowingly hire illegal aliens; and conspiracy to harbor illegal aliens.

The investigation into Sun Drywall began in November 2005 after ICE received information that the company was engaging in illegal hiring practices. In December 2005, ICE agents reviewed the Form I-9s for 115 Sun Drywall employees and determined that 11 of them had used counterfeit “green cards” to obtain their jobs. Sun Drywall was provided with a list of the unauthorized workers. A subsequent review of wage reports subpoenaed from the Arizona Department of Economic Security showed that Sun Drywall continued to employ several of those workers, even after ICE advised the company about the employees’ illegal status. The multi-agency investigation also revealed that several of Sun Drywall’s unauthorized workers possessed counterfeit Permanent Resident Alien cards bearing numbers belonging to other people.

Defendants arrested today include:

- Ivan Hardt, 44, of Sierra Vista, President of Sun Drywall, charged federally with conspiracy to knowingly hire illegal aliens; and conspiracy to harbor illegal aliens.
- Carol Hill, 42, of Sierra Vista, human resource manager for Sun Drywall, charged federally with conspiracy to knowingly hire illegal aliens; and conspiracy to harbor illegal aliens.
- Jose Gutierrez-Tapia, Sr., 50, of Bisbee, foreman for Sun Drywall, charged federally with conspiracy to knowingly hire illegal aliens; and conspiracy to harbor illegal aliens.
- Joaquin J. Neave, 42, of Sierra Vista, a manager for Sun Drywall, charged federally with conspiracy to knowingly hire illegal aliens; and conspiracy to harbor illegal aliens.
- Efrain Silvain-Avechuco, 36, of Mexico, block manager for Sun Drywall, charged federally with conspiracy to knowingly hire illegal aliens; and conspiracy to harbor illegal aliens.
- Omar Reyes, 25, of Sierra Vista, Sun Drywall employee, charged federally with conspiracy to knowingly hire illegal aliens; and conspiracy to harbor illegal aliens.

The investigation into Sun Drywall began in November 2005 after ICE received information that the company was engaging in illegal hiring practices. In December 2005, ICE agents reviewed the Form I-9s for 115 Sun Drywall employees and determined that 11 of them had used counterfeit “green cards” to obtain their jobs. Sun Drywall was provided with a list of the unauthorized workers. A subsequent review of wage reports subpoenaed from the Arizona Department of Economic Security showed that Sun Drywall continued to employ several of those workers, even after ICE advised the company about the employees’ illegal status. The multi-agency investigation also revealed that several of Sun Drywall’s unauthorized workers possessed counterfeit Permanent Resident Alien cards bearing numbers belonging to other people.

A conviction for conspiracy to knowingly hire illegal aliens, a class B misdemeanor, carries a maximum penalty of six months in prison, a \$3,000 fine per unauthorized alien employed fine, plus other possible fines. A conviction for conspiracy to harbor illegal aliens carries a maximum penalty of five years, a \$250,000 fine or both. In determining an actual sentence, the judge will consult the U.S. Sentencing Guidelines, which provide appropriate sentencing ranges. The judge, however, is not bound by those guidelines in determining a sentence.

A criminal complaint is simply the method by which a person is charged with criminal activity and raises no inference of guilt. An individual is presumed innocent until competent evidence is presented to a jury that establishes guilt beyond a reasonable doubt.

The prosecution is being handled by Assistant U.S. Attorney Munish Sharda, District of Arizona, Tucson.

## **COMPANY PRESIDENT, TEN OTHERS CHARGED IN WORKSITE PROBE OF ARIZONA DRYWALL AND STUCCO FIRM**

TUCSON – The President of a Sierra Vista drywall and stucco company and seven others face federal criminal charges today following a multi-agency probe into allegations the business knowingly hired illegal alien workers and conspired with counterfeit document vendors to obtain fraudulent work authorization cards for those employees.

Those charged in the case include the President Ivan T. Hardt, and seven other employees of Sun Drywall and Stucco, Inc., and three individuals suspected of supplying counterfeit work authorization documents to the company's illegal alien workers. The charges against the Sun Drywall employees include conspiracy to harbor illegal aliens and conspiracy to knowingly hire illegal aliens. Those accused of supplying the counterfeit documents face state charges of identity theft.

The criminal charges, the first ever brought in a worksite enforcement investigation in Arizona, were announced today at a news conference in Tucson held by the agencies involved in the 16-month probe, including the U.S. Immigration and Customs Enforcement (ICE), U.S. Customs and Border Protection Border Patrol, the U.S. Department of Labor Wage and Hour Division, and the Arizona Fraudulent Identity Task Force (AFIT). The Cochise County Sheriff's Office and the Sierra Vista Police Department assisted federal agents with today's takedown.

U.S. Attorney for the District of Arizona Daniel Knauss stated, "These serious charges should send a strong message that we expect all Arizona employers to start taking federal immigration laws seriously. I would like to extend our thanks to all the federal and state agencies that worked together to bring this case for prosecution."

Six of the suspects charged in the case were taken into custody today as federal and state authorities executed search warrants at several sites related to the investigation. Those locations included the company's headquarters in Sierra Vista, a residence of Sun Drywall's foreman, and residences suspected of housing a counterfeit document mill. During today's operation, authorities seized employee records, other documents, computers, and other evidence related to the case.

In addition, agents also served search warrants at eight Sun Drywall job sites in residential subdivisions located in the Sierra Vista area where they arrested 8 unauthorized workers on administrative immigration violations. The illegal workers, all of whom are from Mexico, are being processed and detained by ICE. This morning, ICE set up a hotline for persons trying to locate family

members they think may have been apprehended. The hotline number is 520-266-3975. Bilingual assistance will be available on the hotline.

“We intend to search out employers who knowingly or recklessly hire unauthorized workers,” said Alonzo Peña, Special Agent in Charge of the ICE Office of Investigations in Arizona. “ICE will use every authority within its power to shut down businesses that exploit an illegal workforce to turn a profit.”

The Cochise County Sheriff's Office and the Sierra Vista Police Department assisted federal agents with today's takedown.

U.S. Attorney for the District of Arizona Daniel Knauss stated, "These serious charges should send a strong message that we expect all Arizona employers to start taking federal immigration laws seriously. I would like to extend our thanks to all the federal and state agencies that worked together to bring this case for prosecution."

Six of the suspects charged in the case were taken into custody today as federal and state authorities executed search warrants at several sites related to the investigation. Those locations included the company's headquarters in Sierra Vista, a residence of Sun Drywall's foreman, and residences suspected of housing a counterfeit document mill. During today's operation, authorities seized employee records, other documents, computers, and other evidence related to the case.

In addition, agents also served search warrants at eight Sun Drywall job sites in residential subdivisions located in the Sierra Vista area where they arrested 8 unauthorized workers on administrative immigration violations. The illegal workers, all of whom are from Mexico, are being processed and detained by ICE. This morning, ICE set up a hotline for persons trying to locate family

members they think may have been apprehended. The hotline number is 520-266-3975. Bilingual assistance will be available on the hotline.

“We intend to search out employers who knowingly or recklessly hire unauthorized workers,” said Alonzo Peña, Special Agent in Charge of the ICE Office of Investigations in Arizona. “ICE will use every authority within its power to shut down businesses that exploit an illegal workforce to turn a profit.”

Defendants arrested today include:

- Ivan Hardt, 44, of Sierra Vista, President of Sun Drywall, charged federally with conspiracy to knowingly hire illegal aliens; and conspiracy to harbor illegal aliens.
- Carol Hill, 42, of Sierra Vista, human resource manager for Sun Drywall, charged federally with conspiracy to knowingly hire illegal aliens; and conspiracy to harbor illegal aliens.
- Jose Gutierrez-Tapia, Sr., 50, of Bisbee, foreman for Sun Drywall, charged federally with conspiracy to knowingly hire illegal aliens; and conspiracy to harbor illegal aliens.
- Joaquin J. Neave, 42, of Sierra Vista, a manager for Sun Drywall, charged federally with conspiracy to knowingly hire illegal aliens; and conspiracy to harbor illegal aliens.
- Efrain Silvain-Avechuco, 36, of Mexico, block manager for Sun Drywall, charged federally with conspiracy to knowingly hire illegal aliens; and conspiracy to harbor illegal aliens.
- Omar Reyes, 25, of Sierra Vista, Sun Drywall employee, charged federally with conspiracy to knowingly hire illegal aliens; and conspiracy to harbor illegal aliens.

The investigation into Sun Drywall began in November 2005 after ICE received information that the company was engaging in illegal hiring practices. In December 2005, ICE agents reviewed the Form I-9s for 115 Sun Drywall employees and determined that 11 of them had used counterfeit “green cards” to obtain their jobs. Sun Drywall was provided with a list of the unauthorized workers. A subsequent review of wage reports subpoenaed from the Arizona Department of Economic Security showed that Sun Drywall continued to employ several of those workers, even after ICE advised the company about the employees’ illegal status. The multi-agency investigation also revealed that several of Sun Drywall’s unauthorized workers possessed counterfeit Permanent Resident Alien cards bearing numbers belonging to other people.

A conviction for conspiracy to knowingly hire illegal aliens, a class B misdemeanor, carries a maximum penalty of six months in prison, a \$3,000 fine per unauthorized alien employed fine, plus other possible fines. A conviction for conspiracy to harbor illegal aliens carries a maximum penalty of five years, a \$250,000 fine or both. In determining an actual sentence, the judge will consult the U.S. Sentencing Guidelines, which provide appropriate sentencing ranges. The judge, however, is not bound by those guidelines in determining a sentence.

A criminal complaint is simply the method by which a person is charged with criminal activity and raises no inference of guilt. An individual is presumed innocent until competent evidence is presented to a jury that establishes guilt beyond a reasonable doubt.

The prosecution is being handled by Assistant U.S. Attorney Munish Sharda, District of Arizona, Tucson.

## **COMPANY PRESIDENT, TEN OTHERS CHARGED IN WORKSITE PROBE OF ARIZONA DRYWALL AND STUCCO FIRM**

TUCSON – The President of a Sierra Vista drywall and stucco company and seven others face federal criminal charges today following a multi-agency probe into allegations the business knowingly hired illegal alien workers and conspired with counterfeit document vendors to obtain fraudulent work authorization cards for those employees.

Those charged in the case include the President Ivan T. Hardt, and seven other employees of Sun Drywall and Stucco, Inc., and three individuals suspected of supplying counterfeit work authorization documents to the company's illegal alien workers. The charges against the Sun Drywall employees include conspiracy to harbor illegal aliens and conspiracy to knowingly hire illegal aliens. Those accused of supplying the counterfeit documents face state charges of identity theft.

The criminal charges, the first ever brought in a worksite enforcement investigation in Arizona, were announced today at a news conference in Tucson held by the agencies involved in the 16-month probe, including the U.S. Immigration and Customs Enforcement (ICE), U.S. Customs and Border Protection Border Patrol, the U.S. Department of Labor Wage and Hour Division, and the Arizona Fraudulent Identity Task Force (AFIT). The Cochise County Sheriff's Office and the Sierra Vista Police Department assisted federal agents with today's takedown.

U.S. Attorney for the District of Arizona Daniel Knauss stated, "These serious charges should send a strong message that we expect all Arizona employers to start taking federal immigration laws seriously. ## **COMPANY PRESIDENT, TEN OTHERS CHARGED IN WORKSITE PROBE OF ARIZONA DRYWALL AND STUCCO FIRM**

TUCSON – The President of a Sierra Vista drywall and stucco company and seven others face federal criminal charges today following a multi-agency probe into allegations the business knowingly hired illegal alien workers and conspired with counterfeit document vendors to obtain fraudulent work authorization cards for those employees.

Those charged in the case include the President Ivan T. Hardt, and seven other employees of Sun Drywall and Stucco, Inc., and three individuals suspected of supplying counterfeit work authorization documents to the company's illegal alien workers. The charges against the Sun Drywall employees include conspiracy to harbor illegal aliens and conspiracy to knowingly hire illegal aliens. Those accused of supplying the counterfeit documents face state charges of identity theft.

The criminal charges, the first ever brought in a worksite enforcement investigation in Arizona, were announced today at a news conference in Tucson held by the agencies involved in the 16-month probe, including the U.S. Immigration and Customs Enforcement (ICE), U.S. Customs and Border Protection Border Patrol, the U.S. Department of Labor Wage and Hour Division, and the Arizona Fraudulent Identity Task Force (AFIT). The Cochise County Sheriff's Office and the Sierra Vista Police Department assisted federal agents with today's takedown.

U.S. Attorney for the District of Arizona Daniel Knauss stated, "These serious charges should send a strong message that we expect all Arizona employers to start taking federal immigration laws seriously. I would like to extend our thanks to all the federal and state agencies that worked together to bring this case for prosecution."

Six of the suspects charged in the case were taken into custody today as federal and state authorities executed search warrants at several sites related to the investigation. Those locations included the company's headquarters in Sierra Vista, a residence of Sun Drywall's foreman, and residences suspected of housing a counterfeit document mill. During today's operation, authorities seized employee records, other documents, computers, and other evidence related to the case.

In addition, agents also served search warrants at eight Sun Drywall job sites in residential subdivisions located in the Sierra Vista area where they arrested 8 unauthorized workers on administrative immigration violations. The illegal workers, all of whom are from Mexico, are being processed and detained by ICE. This morning, ICE set up a hotline for persons trying to locate family

members they think may have been apprehended. The hotline number is 520-266-3975. Bilingual assistance will be available on the hotline.

“We intend to search out employers who knowingly or recklessly hire unauthorized workers,” said Alonzo Peña, Special Agent in Charge of the ICE Office of Investigations in Arizona. “ICE will use every authority within its power to shut down businesses that exploit an illegal workforce to turn a profit.”

Defendants arrested today include:

- Ivan Hardt, 44, of Sierra Vista, President of Sun Drywall, charged federally with conspiracy to knowingly hire illegal aliens; and conspiracy to harbor illegal aliens.
- Carol Hill, 42, of Sierra Vista, human resource manager for Sun Drywall, charged federally with conspiracy to knowingly hire illegal aliens; and conspiracy to harbor illegal aliens.
- Jose Gutierrez-Tapia, Sr., 50, of Bisbee, foreman for Sun Drywall, charged federally with conspiracy to knowingly hire illegal aliens; and conspiracy to harbor illegal aliens.
- Joaquin J. Neave, 42, of Sierra Vista, a manager for Sun Drywall, charged federally with conspiracy to knowingly hire illegal aliens; and conspiracy to harbor illegal aliens.
- Efrain Silvain-Avechuco, 36, of Mexico, block manager for Sun Drywall, charged federally with conspiracy to knowingly hire illegal aliens; and conspiracy to harbor illegal aliens.
- Omar Reyes, 25, of Sierra Vista, Sun Drywall employee, charged federally with conspiracy to knowingly hire illegal aliens; and conspiracy to harbor illegal aliens.

The investigation into Sun Drywall began in November 2005 after ICE received information that the company was engaging in illegal hiring practices. In December 2005, ICE agents reviewed the Form I-9s for 115 Sun Drywall employees and determined that 11 of them had used counterfeit “green cards” to obtain their jobs. Sun Drywall was provided with a list of the unauthorized workers. A subsequent review of wage reports subpoenaed from the Arizona Department of Economic Security showed that Sun Drywall continued to employ several of those workers, even after ICE advised the company about the employees’ illegal status. The multi-agency investigation also revealed that several of Sun Drywall’s unauthorized workers possessed counterfeit Permanent Resident Alien cards bearing numbers belonging to other people.

A conviction for conspiracy to knowingly hire illegal aliens, a class B misdemeanor, carries a maximum penalty of six months in prison, a \$3,000 fine per unauthorized alien employed fine, plus other possible fines. A conviction for conspiracy to harbor illegal aliens carries a maximum penalty of five years, a \$250,000 fine or both. In determining an actual sentence, the judge will consult the U.S. Sentencing Guidelines, which provide appropriate sentencing ranges. The judge, however, is not bound by those guidelines in determining a sentence.

A criminal complaint is simply the method by which a person is charged with criminal activity and raises no inference of guilt. An individual is presumed innocent until competent evidence is presented to a jury that establishes guilt beyond a reasonable doubt.

The prosecution is being handled by Assistant U.S. Attorney Munish Sharda, District of Arizona, Tucson.

A subsequent review of wage reports subpoenaed from the Arizona Department of Economic Security showed that Sun Drywall continued to employ several of those workers, even after ICE advised the company about the employees’ illegal status. The multi-agency investigation also revealed that several of Sun Drywall’s unauthorized workers possessed counterfeit Permanent Resident Alien cards bearing numbers belonging to other people.

A conviction for conspiracy to knowingly hire illegal aliens, a class B misdemeanor, carries a maximum penalty of six months in prison, a \$3,000 fine per unauthorized alien employed fine, plus other possible fines. A conviction for conspiracy to harbor illegal aliens carries a maximum penalty of five years, a \$250,000 fine or both. In determining an actual sentence, the judge will consult the U.S. Sentencing Guidelines, which provide appropriate sentencing ranges. The judge, however, is not bound by those guidelines in determining a sentence.

A criminal complaint is simply the method by which a person is charged with criminal activity and raises no inference of guilt. An individual is presumed innocent until competent evidence is presented to a jury that establishes guilt beyond a reasonable doubt.

The prosecution is being handled by Assistant U.S. Attorney Munish Sharda, District of Arizona, Tucson.

## **COMPANY PRESIDENT, TEN OTHERS CHARGED IN WORKSITE PROBE OF ARIZONA DRYWALL AND STUCCO FIRM**

TUCSON – The President of a Sierra Vista drywall and stucco company and seven others face federal criminal charges today following a multi-agency probe into allegations the business knowingly hired illegal alien workers and conspired with counterfeit document vendors to obtain fraudulent work authorization cards for those employees.

Those charged in the case include the President Ivan T. Hardt, and seven other employees of Sun Drywall and Stucco, Inc., and three individuals suspected of supplying counterfeit work authorization documents to the company's illegal alien workers. The charges against the Sun Drywall employees include conspiracy to harbor illegal aliens and conspiracy to knowingly hire illegal aliens. Those accused of supplying the counterfeit documents face state charges of identity theft.

The criminal charges, the first ever brought in a worksite enforcement investigation in Arizona, were announced today at a news conference in Tucson held by the agencies involved in the 16-month probe, including the U.S. Immigration and Customs Enforcement (ICE), U.S. Customs and Border Protection Border Patrol, the U.S. Department of Labor Wage and Hour Division, and the Arizona Fraudulent Identity Task Force (AFIT). The Cochise County Sheriff's Office and the Sierra Vista Police Department assisted federal agents with today's takedown.

U.S. Attorney for the District of Arizona Daniel Knauss stated, "These serious charges should send a strong message that we expect all Arizona employers to start taking federal immigration laws seriously. I would like to extend our thanks to all the federal and state agencies that worked together to bring this case for prosecution."

Six of the suspects charged in the case were taken into custody today as federal and state authorities executed search warrants at several sites related to the investigation. Those locations included the company's headquarters in Sierra Vista, a residence of Sun Drywall's foreman, and residences suspected of housing a counterfeit document mill. During today's operation, authorities seized employee records, other documents, computers, and other evidence related to the case.

In addition, agents also served search warrants at eight Sun Drywall job sites in residential subdivisions located in the Sierra Vista area where they arrested 8 unauthorized workers on administrative immigration violations. The illegal workers, all of whom are from Mexico, are being processed and detained by ICE. This morning, ICE set up a hotline for persons trying to locate family

members they think may have been apprehended. The hotline number is 520-266-3975. Bilingual assistance will be available on the hotline.

“We intend to search out employers who knowingly or recklessly hire unauthorized workers,” said Alonzo Peña, Special Agent in Charge of the ICE Office of Investigations in Arizona. “ICE will use every authority within its power to shut down businesses that exploit an illegal workforce to turn a profit.”

Defendants arrested today include:

- Ivan Hardt, 44, of Sierra Vista, President of Sun Drywall, charged federally with conspiracy to knowingly hire illegal aliens; and conspiracy to harbor illegal aliens.
- Carol Hill, 42, of Sierra Vista, human resource manager for Sun Drywall, charged federally with conspiracy to knowingly hire illegal aliens; and conspiracy to harbor illegal aliens.
- Jose Gutierrez-Tapia, Sr., 50, of Bisbee, foreman for Sun Drywall, charged federally with conspiracy to knowingly hire illegal aliens; and conspiracy to harbor illegal aliens.
- Joaquin J. Neave, 42, of Sierra Vista, a manager for Sun Drywall, charged federally with conspiracy to knowingly hire illegal aliens; and conspiracy to harbor illegal aliens.
- Efrain Silvain-Avechuco, 36, of Mexico, block manager for Sun Drywall, charged federally with conspiracy to knowingly hire illegal aliens; and conspiracy to harbor illegal aliens.
- Omar Reyes, 25, of Sierra Vista, Sun Drywall employee, charged federally with conspiracy to knowingly hire illegal aliens; and conspiracy to harbor illegal aliens.

The investigation into Sun Drywall began in November 2005 after ICE received information that the company was engaging in illegal hiring practices. In December 2005, ICE agents reviewed the Form I-9s for 115 Sun Drywall employees and determined that 11 of them had used counterfeit “green cards” to obtain their jobs. Sun Drywall was provided with a list of the unauthorized workers. A subsequent review of wage reports subpoenaed from the Arizona Department of Economic Security showed that Sun Drywall continued to employ several of those workers, even after ICE advised the company about the employees’ illegal status. The multi-agency investigation also revealed that several of Sun Drywall’s unauthorized workers possessed counterfeit Permanent Resident Alien cards bearing numbers belonging to other people.

- Omar Reyes, 25, of Sierra Vista, Sun Drywall employee, charged federally with conspiracy to knowingly hire illegal aliens; and conspiracy to harbor illegal aliens.

The investigation into Sun Drywall began in November 2005 after ICE received information that the company was engaging in illegal hiring practices. In December 2005, ICE agents reviewed the Form I-9s for 115 Sun Drywall employees and determined that 11 of them had used counterfeit “green cards” to obtain their jobs. Sun Drywall was provided with a list of the unauthorized workers. A subsequent review of wage reports subpoenaed from the Arizona Department of Economic Security showed that Sun Drywall continued to employ several of those workers, even after ICE advised the company about the employees’ illegal status. The multi-agency investigation also revealed that several of Sun Drywall’s unauthorized workers possessed counterfeit Permanent Resident Alien cards bearing numbers belonging to other people.

A conviction for conspiracy to knowingly hire illegal aliens, a class B misdemeanor, carries a maximum penalty of six months in prison, a \$3,000 fine per unauthorized alien employed fine, plus other possible fines. A conviction for conspiracy to harbor illegal aliens carries a maximum penalty of five years, a \$250,000 fine or both. In determining an actual sentence, the judge will consult the U.S. Sentencing Guidelines, which provide appropriate sentencing ranges. The judge, however, is not bound by those guidelines in determining a sentence.

A criminal complaint is simply the method by which a person is charged with criminal activity and raises no inference of guilt. An individual is presumed innocent until competent evidence is presented to a jury that establishes guilt beyond a reasonable doubt.

The prosecution is being handled by Assistant U.S. Attorney Munish Sharda, District of Arizona, Tucson.
